

“The San Marino High School Titan Stadium, Field and Track will be available for community use from 3:00 p.m. to dusk during school weekdays, providing no San Marino High School programs are utilizing the track or field facility.

During the weekends and days when school is not in session, if the field is being utilized by a group which holds a facility use permit, the community may access the track at that time. Access to the new field is strictly prohibited unless a San Marino Unified School District Facility Use Agreement Permit is obtained from the District Office.”
