

# Interested in becoming a master at **Engineering, Programming, CAD, Web Design, or Marketing?**

**Titanium Robotics** is a student-run **FIRST Robotics Competition** team dedicated to **supplementing San Marino's STEM** (science technology engineering and mathematics) education programs through the use of **interactive** and **hands-on** activities like building a robot from the ground up. As a part of the *FIRST* Program, **Titanium Robotics** also has a student-led marketing team.

***look for the blue bird or robot demo on registration day to get an application***

to donate, see the "Patron of the Arts" donation form
