SAN MARINO UNIFIED SCHOOL DISTRICT BUSINESS SERVICES

To: Dr. Alex Cherniss, Superintendent

Submitted by: Julie Boucher, Assistant Superintendent, Business Services

Prepared by: Vangie Lingat, Director of Accounting

Date: March 14, 2017

Subject: 2016-17 SECOND INTERIM FINANCIAL REPORT AND LONG

RANGE FINANCIAL PROJECTIONS FOR 2017-18 AND 2018-19

FISCAL YEARS

The 2016-17 Second Interim Financial Report and the Long Range Financial Projections ("Second Interim") are presented to the Board of Education for review and approval. It is recommended that the Board of Education approve a "Positive Certification," declaring that the District will be able to meet its financial obligations for the 2016-17 fiscal year as well as the subsequent two fiscal years (2017-18 and 2018-19) based on the District's financial assumptions.

AB 1200 Reporting Requirements

The District is required under AB 1200 (Chapter 1213/1991) and Education Code Section 35035 to submit two interim financial reports each fiscal year to the Los Angeles County Office of Education and to the California Department of Education (CDE). These laws require county offices and CDE to closely monitor and review school district budgets and financial projections.

Development of Financial Reports

The Second Interim was developed based on the Los Angeles County Office of Education's Assumptions for fiscal years 2016-17 through 2018-19. The information presented includes actual and projected financial information for the General Fund as of January 31, 2017.

Under the Local Control Funding Formula (LCFF), implemented in 2013-14, state funding formulas for K-12 Education were adjusted significantly. State funding was reallocated with additional funding allocated to school districts with high levels of students who qualify for free and reduced lunch, English language learners, and foster youth. The goal of the LCFF is to provide for more flexibility at the local level, transparency of the financial reporting process, and alignment of a school district's goals, actions and services with its budget.

Revenue Assumptions

Student Enrollment/Average Daily Attendance

Projected total student enrollment for 2016-17 is projected at 3,104. For budgeting purposes, the District's projected funded average daily attendance (ADA) is 3,053.80. Enrollment in future years (for budgeting purposes) is projected to decline slightly to 3,061 in 2017-18 and 2,992 in 2018-19.

Statutory COLA's

The term "COLA" or Cost-of-Living Allowance, no longer holds the significance that it did previously. The projected statutory COLAs are now added to the target base grants. School districts are only receiving a portion of their "target" funding, which is referred to as "Gap Funding." Gap Funding is the amount of new funding received over the prior year.

Hold Harmless Provisions – LCFF Funding

The District's Local Control Funding is based on its "Hold Harmless" revenue calculation of prior year funding and average daily attendance.

Gap Funding

The District's projected Gap Funding for 2016-17, equal to \$1,221,492 was reduced based on declining ADA to a net increase in LCFF funding of \$1,092,050. The increase in funding was offset by required increases in step and column, pension obligations and health benefit contributions. Based on current projections, the District would receive a net Gap Funding of \$66,118 in 2017-18, which is not sufficient to cover the automatic increases in pension contributions and step and column adjustments. The LCFF Gap funding level will be revised based on the May Revise.

Augmentation Grants/Grade Span Adjustments

As part of the LCFF funding calculations, the District receives funds in support of lower class sizes (grades TK-3 cumulative enrollment average of 24:1 by school site) in grades TK-3 and grades 9–12 (to support supplemental high school level programs). These funds represent funding received previously for K-3 CSR, Grade 9 CSR, and other high school categorical funding. The District's elementary schools' TK-3 average class size (per school site) is below the grade span threshold of 24:1.

Supplemental Grant and Proportionality

Under the LCFF Funding formula, the District is receiving a pro-rata share of its entitled Supplemental Grant allocation. Supplemental Grant revenue is based on the District's "Unduplicated Count" students. The Unduplicated Count is a composite of those students who qualify for free and reduced priced meals, English language learners, and foster youth. The District currently has 444 students in this category.

The District has committed \$741,886 in Supplemental Grant programs in 2016-17, which is in excess of the Supplemental Grant funding, equal to \$648,482, to help serve and support students who qualify for supplemental services.

Federal Funding

The District will continue to receive federal funding for Title I, and Teacher Quality Improvement, and Special Education. It is projected that the District will receive \$881,767 in federal funding in 2016-17.

Other State Revenues

The District receives other state revenues for various programs, including Unrestricted and Restricted Lottery, Mandated Block Grant, Special Education Mental Health Funding. In

2016-17, the District also received One-Time Discretionary Funds, equal to \$653,320, and block grant funding for College Readiness, equal to \$75,000. The One-Time Discretionary Funds were used to offset the increase in pension contribution costs, and a portion of the increase in health benefit costs. The College Readiness Block Grant funds were used to fund the college-career counselor at San Marino High School. The Board of Education approved expenditure plans for both programs on December 13, 2016. It is projected that the District will receive a total of \$2,002,300 in other state revenues in 2016-17. In 2017-18, based on the Governor's Proposed Budget, the One-Time Discretionary Funding will be reduced from \$214 per ADA to \$48 per ADA in 2017-18.

Other Local Revenues

Special Education SELPA Revenues

The District will receive an estimated \$2,352,105 from the SELPA, representing Special Education Master Plan funding and SELPA Regional Programs reimbursement. The state is considering adjustments to the Special Education funding model.

Parcel Tax Revenues

The District has two parcel taxes: Measure R and Measure E. Measure R was renewed in 2013 with a six-year term (2019) and Measure E was renewed in 2015, also for a six year term (2021). Measure R is currently \$344.73 per parcel and Measure E is \$880.57 per parcel. It is projected that the District will receive \$5,445,000 in parcel tax revenues in 2016-17. Proceeds received from the parcel tax are used to preserve core academic and instructional programs and support services. The District publishes an annual accountability report of parcel tax expenditures.

Use of Facilities Revenues

The District receives use of facilities revenues from community user groups including the San Marino Chinese School, PTAffiliates, Crown City United Soccer, the City of San Marino and other local community athletic groups.

Interest Earnings

It is projected that the District will earn \$15,000 in interest earnings in 2016-17.

San Marino Schools Foundation Contributions

The San Marino Schools Foundation is a significant part of the District's local funding. The funding helps to employ 23 teaching positions to maintain lower class sizes across all grade levels. It is projected that the District will receive \$2 million in contributions from the San Marino Schools Foundation in 2016-17, and \$2 million in each of the future years.

Other Local Donations and Reimbursements

The District receives donations and reimbursements from parents, PTA's/PTSA, PTAffiliates, ASB's, the City of San Marino, the San Marino Schools Foundation, and other local community organizations. The donations help to provide supplemental instructional materials and educational programs. The District will receive \$2,055,839 in local donations and reimbursements in 2016-17.

Expenditure Assumptions

Certificated and Classified Salaries

Certificated and classified salaries are based on the negotiated salary and benefit agreements with the San Marino Teachers Association and CSEA Chapter #120. Adjustments for additional positions, and step and column adjustments are included in the Second Interim. The District has settled negotiations for 2016-17 with the San Marino Teachers Association, and negotiations are still in progress with CSEA Chapter #120. The Budget Assumptions describes the provisions of the settlement with SMTA.

Health Benefits

After accounting for any realized savings held in the Health Benefits Fund, the District contributes 90% of employee-only costs and 70% of two-party and family costs. The District provides dental, vision, and life insurance for benefit eligible employees and an employee assistance program for all employees. The 2016-17 Budget includes a transfer in of \$5,258 from the Health Benefits Fund, and an increase in the District's contribution of \$313,374. The District will realize ongoing savings, equal to approximately \$300,000, in 2017-18 based on the review/analysis of health insurance providers/entities.

CalSTRS and CalPERS Pension Benefits

The District's share of CalSTRS and CalPERS pension contributions will continue to increase over the next six years. The District's contributions increased by \$466,797 in 2016-17 and are projected to increase by \$456,189 in 2017-18, and by \$537,441 in 2018-19. The increase in employer contributions for pension obligations is concerning. In total, the District's increase in CalSTRS and CalPERS obligations, automatic increases in step and column costs and the District's share of health benefits contributions will exceed the District's new net Gap Funding.

Table 1: CalSTRS and CalPERS Employer Rates:

Employer	CalSTRS	CalPERS	Increase	Cumulative
Contributions				Increase
2016-17*	12.58%	13.888%	\$466,797	\$466,797
2017-18	14.43%	15.80%	\$456,189	\$922,986
2018-19	16.28%	18.70%	\$537,441	\$1,460,427
2019-20	18.13%	21.60%	\$537,441	\$1,997,868
2020-21	19.10%	24.90%	\$428,134	\$2,426,002

^{*}Actual Rates

Other Statutory Benefits

The other statutory benefits, including Medicare, OASDI, State Unemployment Insurance, and Workers Compensation have been included in the salary and benefit projections.

Books and Supplies, Services and Equipment Costs

Instructional and non-instructional supplies, textbooks, operating services and equipment accounts are reflective of allocated amounts. Funding is allocated to the school sites for general school site operations, state adopted instructional materials and other instructional support needs.

Other Financing Sources/Uses

Included in the projections for 2016-17 is a transfer of \$15,500 of facilities use fees to the Capital Projects Fund, and a transfer in of \$5,258 from the Health Benefits Fund. Additionally, a transfer in from the Cash Flow Fund to the General Fund of \$1.58 million is included in the projections in 2016-17. For the projected years, transfers of \$1.4 million for 2017-18, and \$1.55 million for 2018-19 are included in the Second Interim. The funds will be used to offset the loss of one-time state funding, automatic step and column adjustments, and increased contributions for CalSTRS, CalPERS.

Indirect Support

The District collects indirect costs from state and federal categorical programs to offset General Fund operational costs. The current approved rate for the 2016-17 year is 7.79%. This results in an offset of \$64,407 to Unrestricted General Fund expenditures.

Ending Balance Assumptions

Reserve for Economic Uncertainties

The District has maintained a 3% reserve for economic uncertainties in 2016-17, and will do so in future years.

Assigned for Carryover Funds

As part of the Ending Balance, various sources of funding have been assigned for specific purposes, including restricted school site donations, and categorical programs.

Revolving Fund and Stores

The Ending Balance also includes \$100,000 in Revolving Funds and \$2,916 in Warehouse Stores.

Future Year Projections

Despite the Governor's commitment to K-12 Education and the LCFF Funding formula, state funding for K-12 Education is well below the national average. The District is fortunate for the generous contributions received from the San Marino Schools Foundation and its parcel taxes to support its high quality educational programs and services.

In his January budget proposal, the Governor lowered the LCFF Gap funding level for 2017-18 from 74% to 23%. The Governor's plan also allocates additional funding to the "Rainy Day" Fund, and defers Proposition 98 state apportionments from the 2016-17 fiscal year into the 2017-18 fiscal year. More information will be forthcoming when the Governor presents his May Revise Report.

Other Funds

As part of the Second Interim Financial Report, information and projections for each of the District's "Other Funds" are provided.

Food Services Fund 13.0

The District's food services program is self-supporting. The Food Services Fund covers costs associated with the program including food services salaries and benefits, food and supplies,

repairs, and equipment replacement. The projected ending balance in the fund for 2016-17 is \$35,155.

Deferred Maintenance Fund 14.0

The Deferred Maintenance Fund supports major maintenance and repairs throughout the District. The projected ending balance in the fund for 2016-17 is \$506,699.

Health Benefits Fund 17.0

The Second Interim includes a transfer of \$5,258 from the Health Benefits Fund to the General Fund to offset premium increases in 2016-17. The projected ending balance for 2016-17 is \$69.

Cash Flow Fund 17.2

Included in the projections for 2016-17, 2017-18, and 2018-19 are transfers out from the Cash Flow Fund to the General Fund to support the District's general programs and services. The projected ending balance in the fund for 2016-17 is \$4,148,226.

Capital Facilities Fund 25.0

The Capital Facilities Fund accounts for income and expenditures associated with the collection of developer fees. Developer Fee revenues are projected at \$105,000 in 2016-17. These funds are restricted for the Barth Athletics Complex Project. The projected ending balance in the fund for 2016-17 is \$1,179,181.

Capital Projects and Improvement Fund 40.0

The Capital Projects and Improvement Fund represents restricted donations for capital improvements. These funds are designated for the Barth Athletics Complex Project. The projected ending balance in the funds for 2016-17 is \$858,888.

Next Steps - Future Year Planning

The District is planning accordingly for 2017-18 and beyond based on current state and local revenue and expenditure assumptions. As more information is received, updates will be provided to the Board of Education.

fi: jb/gdocs/2016-17 Second Interim Financial Report 3-14-17

LOS ANGELES COUNTY OFFICE OF EDUCATION Business Advisory Services

COUNTY OFFICE 2016-17 SECOND INTERIM ASSUMPTIONS AND RECOMMENDATIONS

Local Control Funding Formula (LCFF)

The LCFF establishes a base with supplemental and concentration add-ons for English Learners (EL), free and reduced-price meal eligible students and foster youth students, and provides additional funding for K-3 Class Size Reduction (CSR), Grades 9-12, Home-to-School (HTS) Transportation and the Targeted Instructional Improvement Grant (TIIG).

Local Control Funding Formula (LCFF)

	2016-17	2017-18_COLA	2017-18 Base Grant
Grade Level	Base Grant	1.48 Percent	per ADA
K-3	\$7,083	\$105	\$7,188
4-6	\$7,189	\$106	\$7,295
7-8	\$7,403	\$110	\$7,513
9-12	\$8,578	\$127	\$8,705

COLAs and Gap Funding Amounts

The Base Grant rates are increased annually by the statutory COLA. The statutory COLA for 2016-17 is 0.00 percent. The estimated COLA for 2017-18 is 1.48 percent, and 2.40 percent for 2018-19. The COLA affects only the calculation of the LCFF Target, and does not describe the net increase in funding for each district.

The Governor proposes \$744 million to increase LCFF funding in 2017-18. This would further implement the LCFF and would fund each district's Gap by about 23.67 percent. The Department of Finance projects that enough additional funds will be provided to fund the Gap by 53.85 percent in 2018-19 and by 55.28 percent in 2019-20. The 2016-17 Gap has been slightly increased from 54.18 percent to 55.28 percent. This does not mean that each district will receive increases equal to these amounts, but that each district's Gap (the difference between their minimum State funding and their Target amounts) would be funded by those percentages.

The Governor and the Administration continue to anticipate the transition will take eight years to fully fund LCFF, with full funding in 2020-21. Until then, increases in funding will be as the State budget appropriates funding for that purpose. There is no statutory guaranteed increase in any year until full implementation is reached. Uncertainty regarding the State's economy, results in some doubt regarding future years' increases in LCFF funding. Therefore, we continue to recommend that districts projecting an increase in LCFF revenues in 2017-18 and beyond also assign, reserve or otherwise set-aside the projected increase. If districts budget this increased revenue and associated expenditure, they must have a contingency or alternative plan in place should these funds fail to materialize.

Attachment No. 1 to: Informational Bulletin No. 4538

Home-to-School Transportation and TIIG Grant

Under the LCFF and the MOE requirement, districts will receive the same amount in an LCFF add-on for the Home-to-School (HTS) Transportation Grant and Targeted Instructional Improvement Grant (TIIG) as they received from these programs in 2012-13. These amounts are fixed at the 2012-13 amounts for all future years' calculations.

Adult Education

The Proposed Budget again provides \$500 million in funding for the Adult Education Block Grant Program dedicated to funding adult education programs in 2017-18. Allocations will be distributed per the direction of the local allocation committees. For 2016-17 and beyond, the amounts allocated to each consortium will be based on:

- The amount apportioned in the preceding year
- The region's share of the state-wide need for adult education
- The consortium's effectiveness in meeting the needs of adults

Additional information on the Adult Education Consortium can be found at:

http://aebg.ccco.edu/Home.aspx

California Career Technical Education Incentive Grant

The Proposed Budget continues to provide the third and final year of "bridge funding," of \$200 million for 2017-18 for the transitional California Career Technical Education Incentive Grant (CTEIG) Program. The local match ratio requirement is 1.5:1 in 2016-17 and 2:1 in 2017-18. The expectation is that LEAs will use LCFF and the 9-12 grade span adjustment (GSA) funds to support the program beginning 2018-19.

LCFF Revenue Projections

The County Office LCFF revenue runs are used to validate district budget revenue projections. It is strongly recommended that districts update and utilize these County Office LCFF revenue runs to project estimated revenues for 2016-17 Second Interim Reports and multi-year projections. Our review will compare the districts' projections against that data.

Education Protection Account (EPA)

EPA funds should be accounted for in Resource Code 1400 - Education Protection Account, and Object Code 8012 - Education Protection Account Entitlement. Districts may not use EPA funds for administrative costs. The Governing Board will make the spending determination of these funds in an open session of a public meeting. In addition, each agency must annually publish on its website an accounting of how much money was received from the EPA and how that money was spent. A complete list of function codes prohibited for EPA expenditures can be found on the CDE's website at:

www.cde.ca.gov/fg/ac/ac/sacsfaq.asp

Similar to local property taxes, districts' State Aid is reduced by one dollar for each dollar received from the EPA. The EPA is a third LCFF revenue component with local property tax revenue and State Aid.

While each quarterly payment will be adjusted for actual receipts, districts should anticipate 2016-17 EPA revenues in equal quarterly payments. The CDE has released specific 2016-17 EPA estimates with the Advance Apportionment posted at:

www.cde.ca.gov/fg/aa/pa/pa1516.asp

CASH FLOW PROJECTIONS

The Proposed Budget included a one-time deferral or "LCFF cost shift," which will cause in the shifting of \$859.1 million in LCFF expenditures from June 2017 to July 2017. The result will be no Principal Apportionment payments received in June 2017, and two payments received in July 2017. Districts are encouraged to review their June 2017 cash flow to ensure adequate funds are available to meet its obligations or can delay certain payments.

CALPADS

The Fall 1 certification deadline was December 16, 2016. The Fall 1 amendments window closed on January 27, 2017. The Fall 2 certification deadline is March 3, 2017, with the amendment window closing on March 31, 2017. The unduplicated count of disadvantaged students reported in CALPADS feeds the supplemental and concentration grant portions of the LCFF. Therefore, Districts should ensure this data is up-to-date and accurate.

K-3 Grade Span Adjustment (GSA)

The former K-3 CSR program became a 10.4 percent TK-3 GSA augmentation to the LCFF base grant to support lowering class sizes in grades kindergarten through three. Unless there is a collectively bargained alternative ratio in place, districts must ensure all school site average class enrollment ratios meet the target ratio of 24:1 (rounded to the nearest half or whole integer), or that they are making progress to close the K-3 class size gap in proportion to progress toward closing the LCFF gap, as a condition of apportionment. For 2017-18, Districts should plan to reduce class sizes in grades TK-3 by 23.67 percent of the difference between the current year class size and the school site average target of 24 students per class. Districts that fail to meet the above requirements at each school site will lose 100 percent of this additional funding in that fiscal year per ADA for all ADA generated in grades TK-3. The TK-3 GSA requirement has been included in the 2015-16 Audit Guide.

Preschool/Early Childhood Education

The 2016-17 Enacted Budget included a three-year \$100 million investment in 8,877 California State Preschool Program (CSPP) slots, 2,959 slots per year, through 2019-20. In the 2017-18 Proposed Budget, the Governor plans to suspend this agreement for both CSPP slots and provider standard rate increases, for 2017-18, shifting the implementation of the plan over four years instead of three.

Local Control and Accountability Plan (LCAP)

We recommend that districts continue monitoring progress towards meeting the goals and expenditure plans against their submitted LCAP, and make necessary adjustments and/or amendments as required. The 2017-18 CCSESA LCAP Approval Manual, dated December 6, 2016, has been updated to reflect the new LCAP template adopted by SBE in November 2016, and the LCFF evaluation rubrics, which were approved in September 2016. The latest updates on LCFF and the LCAP are available on the SBE website at:

http://www.cde.ca.gov/fg/aa/lc/index.asp

ONE-TIME FUNDS

Educator Effectiveness Program

These funds are restricted and should be accounted for in Resource Code 6264. These funds should be targeted at support and mentoring, including beginning teacher support and professional development and identified support for teachers and administrators. School Districts, COEs, Charter Schools and Special Schools are eligible for this funding.

LEAs must explain how these funds will be used at a public meeting and then adopt a plan at a subsequent meeting. In addition, LEAs have three years to expend the funds and must report expenditures of these funds to the CDE by July 1, 2018. The Final Expenditure Report template is available at:

http://www.cde.gov/fg/aa/ca/educatoreffectiveness.asp

One-Time Discretionary Funds (Mandated Cost Reimbursement)

The 2016-17 Enacted Budget included \$1.28 billion in one-time funds to pay down a portion of the debt owed to LEAs for mandated cost reimbursement. The funds may be used for any purpose as determined by the district's Governing Board. Distributing the mandate reimbursement is on a per ADA basis at \$214 per ADA. The majority of the funds have been distributed, with the balance distributed in March (2.2 percent) and April (14.8 percent).

The 2017-18 Proposed Budget includes \$287 million in one-time funds continuing to pay down a portion of the debt owed to LEAs for mandated cost reimbursement. Again, the funds may be used for any purpose as determined by the district's Governing Board. The distribution of the mandate reimbursement is on a per ADA basis, estimated at \$48 per ADA. These funds will be apportioned whether or not the LEA had any prior year claims, and consistent with last year funds received, will offset state obligations for any LEA with outstanding mandate.

Contingent Assumptions

Districts should not include revenue sources in their Second Interim Report projection of a contingent or speculative nature. Examples of speculative revenue would be the continuing of one-time funds in future years, pre-election bond or parcel tax proceeds and non-contractual

donations from foundations or cities. Districts are also cautioned against including cost savings pending negotiations in their financial projections, including furlough days, salary and/or benefit rollbacks, freeze on step and column. Districts that elect to include these contingent cost savings/revenues should adopt an alternate plan to address the budget shortfalls that may occur if these actions do not take place. Districts are reminded to keep all options open when preparing for the remainder of 2016-17, 2017-18 and 2018-19.

Cash Management Planning

Districts should ensure they have Board resolutions to authorize inter-fund and County Treasurer borrowing, and that the borrowing caps are appropriately set (i.e., are high enough to meet identified cash needs). For additional information regarding cash borrowing, please refer to Informational Bulletin No. 4369, dated May 23, 2016, issued by the Division of School Financial Services, which is available on our website:

www.lacoe.edu/Bulletins.aspx

RESERVE REQUIREMENTS

Cash management challenges make it even more imperative that districts consider reserve levels greater than the minimums required within the State's Criteria and Standards. Reserves are especially critical to have sufficient cash to meet payroll and other obligations.

County offices continue to reinforce the need for reserves over the minimum reserve requirements. The experience of the most recent recession has clearly demonstrated these minimum levels are not sufficient to protect educational programs from severe disruption in an economic downturn. The typical 3.0 percent reserve minimum represents less than two weeks of payroll for many districts. Many LEAs have established reserve policies calling for higher than minimum reserves, recognizing their duty to maintain fiscal solvency. The adequacy of a reserve level should be assessed based on the LEA's own specific circumstances.

Retirement - CalSTRS Rates

	2015-16	2016-17	2017-18	2018-19	2019-20	2020-21
Employer	10.73%	12.58%	14.43%	16.28%	18.13%	19.10%

At its February 1, 2017, meeting, the California State Teachers' Retirement System (CalSTRS) Board lowered its assumed rate of investment return from 7.5 percent to 7.00 percent. In a move similar to the rate reduction recently made by the California Public Employees' Retirement Systems (CalPERS) Board.

Retirement - CalPERS Rates

	2015-16	2016-17	2017-18	2018-19	2019-20	2020-21
Employer	11.847%	13.888	15.80%	18.70%	21.60%	24.90%

CalPERS recently reduced its investment return assumption from 7.5 percent to 7.0 percent. CalPERS also estimates that for every 0.25 percent reduction in its assumed rate of return, an additional 1.0 percent increase (based on the 2016-17 Enacted Budget) in employer contribution rate would be required to maintain the funded level of the schools pool.

Districts are advised to use the rates above when submitting their Second Interim reports and multi-year projections.

Based on the estimated CalSTRS and CalPERS contribution of 16.28 and 18.70 percent respectively, we strongly recommend LEAs plan accordingly for the increased expenses for the upcoming 2017-18 budget submission, especially in the out years.

Mandated Block Grant (MBG)

The 2017-18 Proposed Budget provides \$226.5 million for the MBG. The rates continue to be separated into grade span-specific rates, with grades 9-12 receiving higher amounts based on the inclusion of Graduation Requirement mandate. See the table below for the per ADA rates.

Grade Span	School District Rates	Charter School Rates
K-8	\$29.87	\$15.66
9-12	\$57.36	\$43.36

We recommended that school districts continue to adhere to all mandate requirements, and districts that opt out of the MBG should continue to budget revenue on a cash basis. LEAs that opted in to the MBG can budget this revenue. Funds are typically received in November. Districts that do not opt to receive funding through the MBG would continue to collect data and submit for reimbursement.

A complete list of programs covered under the block grant can be found on the Mandate Block Grant FAO's webpage at:

http://www.cde.ca.gov/fg/fo/r14/mandatebg16list.asp

Proposition 39: California Clean Energy Jobs Act

The Proposed Budget provides \$422.9 million, an increase of \$24.4 million from 2016-17, bringing the five year total to \$1.795 billion, with only \$977.3 million (54.5 percent) in approved plans to date. The last day to submit Energy Expenditure Plans is August 1, 2017. This is to ensure funds are encumbered by the statutory deadline of June 30, 2018, and that projects are completed by June 30, 2020. Additional information may be found at the Proposition 39 website available at:

www.energy.ca.gov/efficiency/proposition39/index.html

Charter Schools

Similar to districts, charters will receive a LCFF base rate for each of the four grade spans and augmentation funding for the K-3 GSA for class size reductions and 9-12 CTE. However, charter schools **are not** subject to the 24:1 class size requirement as a condition of apportionment. In addition, supplemental and concentration grant percentages will be limited to the percentage associated with the school district where the charter school physically resides.

CATEGORICAL AND OTHER PROGRAMS

Deferred Maintenance

Deferred Maintenance no longer exists as a separate program and is now a permanent part of the LCFF base grant. However, districts are still required to appropriately maintain their facilities. The responsibility for maintaining district facilities is one of the state priorities that should be included in the district's LCAP. In addition, the *Williams Act* facility requirements will continue. We recommend that districts set aside funds in a separate resource for deferred maintenance that is not available for other general fund purposes.

Routine Restricted Maintenance

As specified in AB 104, there is a gradual increase in the required contribution for the Routine Restricted Maintenance (RRM) to 3 percent. For 2015-16 and 2016-17, the RRM contribution is the lesser of 3 percent of the total General Fund expenditures or the amount deposited in 2014-15. For 2017-18, 2018-19 and 2019-20, the RRM contribution is the greater of (1) the lesser of 3 percent of the total General Fund expenditures or the current amount deposited in 2014-15 or (2) 2 percent of the total General Fund expenditures. In 2020-21 and beyond, at full LCFF implementation, the minimum RRM contribution is 3 percent of the total General Fund expenditures.

Lottery

LEAs should use \$144 per ADA unrestricted and \$45 per ADA restricted, for instructional material purchase, for 2016-17, 2017-18, 2018-19 and 2019-20.

Special Education

The 2017-18 Proposed Budget contains an increase to \$5.02 billion for Special Education, \$3.15 billion in State funds, \$1.25 billion in Federal funds and \$615 million in Local funds. Funding for Special Education includes a 1.48 percent funded COLA, or \$7.88 per ADA, and results in an estimated \$540.56 per ADA in AB 602 funding. The Governor's proposal continues to fund Special Education outside of the LCFF.

Extraordinary Costs

SELPAs with single placement extraordinary costs are eligible to submit for costs exceeding the threshold under EC Section 56836.21. The current threshold is \$75,782.72. If claims exceed the appropriation, the reimbursements will be prorated.

Claims are filed using the CDE-issued Revenue Software. Claims for 2015-16 should have been filed by November 30, 2016. Claims for 2016-17 must be filed by November 30, 2017, to ensure funding. We will issue an Informational Bulletin with detailed guidance in October. As a reminder, these claims require submittal to and certification by the County Office before submittal to the CDE.

Reporting Requirements of the Affordable Care Act

Because of the Affordable Care Act (ACA) of 2010, the IRS has introduced the Form 1095-C and the Form 1094-C. Employers with 50 or more full-time equivalent employees must complete these forms to comply with ACA requirements. The 1095-C is the form covering Employer-Provided Health Insurance Offer and Coverage. The 1094-C is the transmittal form containing all the aggregate employee data from the 1095-C.

Employers with 50 or more full-time employees must file the Form 1095-C for every full-time employee for the 2016 tax-reporting year. Similar to the W-2, the IRS requires the 1095-C be **furnished to each full-time employee by January 2017.** This form must be completed for all employees who were full-time for any month of the calendar year 2016.

Districts must file the Form 1095-C and 1094-C with the IRS no later than February 28, 2017, or by March 31, 2017 if filed electronically. Districts must file the forms electronically if you file over 250 information returns.

For additional information regarding the IRS Forms, 1095-C and 1094-C, please refer to Informational Bulletin No. 4481, dated November 1, 2016, issued by the Division of School Financial Services, which is available on our website:

www.lacoe.edu/Bulletins.aspx

UPDATED BUDGET ASSUMPTION GUIDELINES (AS OF JANUARY 2017) PROJECTIONS FOR FISCAL YEARS 2017-18 THROUGH 2020-21

The guidelines below are provided to assist you with projections for fiscal years 2017-18, 2018-19, 2019-20 and 2020-21.

LCFF REVENUE	2017-18	2018-19	2019-20	2020-21
Statutory COLA / Net Funded COLA	1.48%	2.40%	2.53%	2.66%
Gap Funding¹	23.67%	53.85%	68.94%	100.00%
SPECIAL EDUCATION AND CATEGORICAL PROGRAMS	2017-18	2018-19	2019-20	2020-21
COLA for Special Ed and Other Categorical Programs Outside of LCFF (on state and local share only)	1.48%	2.40%	2.53%	2.66%
LOTTERY REVENUE	2017-18	2018-19	2019-20	2020-21
Unrestricted	\$144.00/ADA	\$144.00/ADA	\$144.00/ADA	\$144.00/ADA
Restricted for Instructional Materials	45.00/ADA	45.00/ADA	45.00/ADA	45.00/ADA
Total Lottery Revenue	\$189.00/ADA	\$189.00/ADA	\$189.00/ADA	\$189.00/ADA
OTHER FACTORS	2017-18	2018-19	2019-20	2020-21
CalSTRS Employer Rates	14.43%	16.28%	18.13%	19.10%
CalPERS Employer Rates	15.80%	18.70%	21.60%	24.90%
Interest Rate for 10-year Treasuries	2.50%	2.70%	2.90%	2.80%
California Consumer Price Index (CPI)	2.72%	2.92%	2.60%	2.73%
Other Expenses (4000s – 6000s)	2017-18+CPI	2018-19+CPI	2019-20+CPI	2020-21+CPI

There is no statutory requirement to provide Gap funding in any year; when projecting LCFF increases in the "out years" it is recommended that districts assign, reserve or otherwise set-aside any projected increase in LCFF revenues as a result of Gap funding or at least have a contingency plan in place if anticipated revenues do not materialize.
